

Grief

Thanks for getting back to me.

What impact will my findings have on my own interactions with children?

How do you reflect on the feeling of grief as a teenager now that you are an adult?

There is no right way to grieve

Thank you so much for taking the time to answer my questions in such a thoughtful, articulated way.

Comfort

David

you couldn't think of carpentry any less of a vocation

.than being a doctor or a priest.
