

是发生的瞬间，生活也是如此  
It is about happening, such as life

因为一切都是艺术；  
所以艺术什么都不是

Art is everything;  
Thus art is nothing

If it is the answer you seek..  
如若你寻求答案..  
Here, you shall find none..  
这里没有答案..  
But you shall discover "MORE"..  
但这里你能发现“更多”..

Bingtong Luo, MA Art and Education Practices  
*Pocket Wisdom of Art/Life*

---

The content of this book discusses the dynamic balance of chaos and order within Art/Life, all contents come from my daily reflection of aspects of my personal life, aspects of my professional life, and things I learnt throughout the journey that I personally find inspiring.

As much as the title of the book gives the illusion of being a Self-Help book, which is somewhat correct, but the goal of this book is not about telling people how they should live their life, but merely offering a new

perspective, an ongoing conversation, and free self-expression.

Just as art can be very subjective, all these self-contradictory theories will give free space for my audiences to come to their own conclusions.
