NFT

Based on the previous research essay on Metaverse, this project is an extension to focus on the topic of NFT.

The format of NFT and the value in currency and culture will explore and expand in this research paper. Digging through history to find the origin of NFT, how it evolves what it is nowadays and discuss the future.

The second exploration of the NFT is a project plan for a luxury brand. The project plan aims to promote and expand the possibility for the brand in the NFT game.
