Private view:
Thursday, 1st September
18:00 – 20:00

Yousef F F A Alasousi, MA Fine Art
Alien Humans Come In Peace

The artwork portrays a collection of human Aliens in different cosmological spaces. The goal of the work is to question the nature of humanity and reflect on current in-equalities and the alienation felt by many in these circumstances.

How might we learn to live in peace. The series of digital prints explores the dynamic balance of chaos and order within Art and Life.

The content comes from my daily reflection on aspects of my learning journey that I personally find inspiring.
