

**THE AMAZING
SCIENTIST**

Kaleidoscope MA Degree Show Birmingham School of Art Birmingham City University 31st August — 3rd September 2023

Lucy Bugg MA Art and Design: Interdisciplinary Practices
The Amazing Scientist

My project explores the inequalities that female scientists face in a heavily male dominated sphere, as they attempt to garner success in their field. It is a declaration of their heroism, and their ability to rise above the struggles that women face in patriarchal structures. It draws on comic book visuals and ideas as a way of reinforcing that women have the capability to exist successfully within a sphere that favours and celebrates the successes of men. The title is a play on the popular comic book *The Amazing Spiderman*.
